

## Newsletter - December 2022

---

### SEASON'S GREETINGS FROM THE IEECP TEAM

What an  
amazing 2022;  
thanks to all  
our partners!

Let us all  
build even  
more  
synergies in  
2023 and go  
further  
together.

---

### SPOTLIGHT ON

[Report & webinar recording](#) (FIRE + IEECP) - Powering our buildings– how policies can support energy efficiency through buildings electrification

[Lunch talk](#) (IEECP) - The impacts of policies to decarbonize residential buildings on energy poverty in CEE/SEE and mitigation strategies, 21st December at 14h CET

[Evidence review](#) (WWF, IEECP et al) – overview of ETS2/SCF studies providing data and research in the times feed trilogues on the EU ETS, CBAM and Social Climate Fund

[Video and blogs](#) (IEECP and Greenpeace) - What if we shifted subsidies for new fossil gas infrastructure to energy efficiency upgrades, heat pumps or rooftop PVs?

---

## REGIONAL AND LOCAL ACTION FOR ENERGY AND CLIMATE

[Map](#) (REGILIENCE) - Sharing the most promising cross-sectoral adaptation solutions: discover the communities and regions covered by REGILIENCE and Innovation Actions, organisations involved locally, the SDGs covered, sectors addressed, facts and more.

[WANTED!](#) (NECPlatform) – The project calls for cases on multi-level governance to help shape the dialogue platforms it will implement, supporting Member States to better comply with Art 11 of the Governance Regulation when updating National Energy & Climate Plans.

---

## ENERGY EFFICIENCY FINANCING AND BUSINESS

[Tool](#) (SENSEI) - To guide professionals towards a better understanding of the P4P concept, the eLearning platform offers tailored information.

[Event](#) (SENSEI) - January 24, 2023, SENSEI final event - Pay-for-performance to drive energy efficiency financing in Europe, Residence Palace, Brussels + online.

[New](#) (EU-MORE) - Did you know that at least half of electric motors out there are older than their expected lifespan? EU-MORE will accelerate the early replacement of old inefficient electric motors in the industry and tertiary sector.

[Article](#) (DEESME) – DEESME at eceee Zero Carbon Industry Conference on National initiatives, after event material available, on “giving audits leverage”.

---

## ENERGY EFFICIENCY POLICIES

[Policy Recommendations](#) (ENSMOV) - 12 policy recommendations to implement an Energy Efficiency Directive Energy Savings Obligation in a Fit for 55 world.

[Policy Brief](#) (ENSMOV) - The role of energy efficiency auctions in the energy transition.

[Report](#) (ENSMOV) – Synthesis of the project policy outcomes at the Member State level: implementation of new MRV systems and measures to implement Article 7 of the EED, with country factsheets based on NECPs.

[Infographics](#) (ENSMOV) – 5 steps to implement monitoring, reporting and verification procedures for article 7 of the EED.

[Summary of Policy-oriented Publications](#) (ENSMOV) - To understand the policy issues addressed in ENSMOV publications, providing short summaries of each and links to the policy-oriented reports.

[Coordinator's farewell](#) (ENSMOV) - Vlasios Oikonomou – IEECP summarizes the project key achievements, lessons learned and legacy. He also looks to the future with the follow up ENSMOV Plus project started this December and continue the work on article 7 (now 8) based on solid foundations.

[Video](#) (newTRENDS) - Discover (in German) why social trends are relevant for energy policies and how newTRENDS contributes!

---

## CONSUMERS AND COMMUNITIES

[Recording and visual brief](#) (SocialWatt) - "Energy efficiency to tackle energy poverty: what will the EED recast change?"

[Webinar series](#) (BECoop) – From November 2022 to May 2023, 10 webinars to learn more on bioenergy and communities!

[Article](#) (JUSTEM) - Just transitions from coal: from Katowice to coal regions across the EU.

[Blog](#) (ENPOR) - Highlights of lessons from a year of research on fuel poverty by FEANTSA: how to guarantee a socially fair renovation wave.

[Poster](#) (NUDGE) – what are nudges and how can they be used in the context of energy consumption?  
[Save the date](#) – the International Energy Poverty Action Week is back, February 20-24, 2023.
