## **Italian White Certificates Scheme**

Ø

Support energy efficiency measures in all sectors through a market system

White Certificates (WhC) give proof of end-use energy savings achieved through projects aimed at increasing energy efficiency in the final uses of energy

Co-funded by the European Union under Project n°101076386. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or CINEA. Neither the European Union nor the granting authority can be held responsible for them.

### Transizione 4.0

Support and to incentivise companies that invest in new machinery or software for the technological and digital transformation of production processes

Being a simple scheme to apply to it has been a successful measure over the years. It can be used both by end users and ESCOs

ŧ

Works as a tax credit towards enterprises, presently covering from 5% to 20% of the capital expenditure

Co-funded by the European Union under Project n°101076386. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or CINEA. Neither the European Union nor the granting authority can be held responsible for them.
