

# Funding opportunities for energy efficiency in Poland for SMEs

## National Fund for Environmental Protection and Water Management (NFEP&WM)

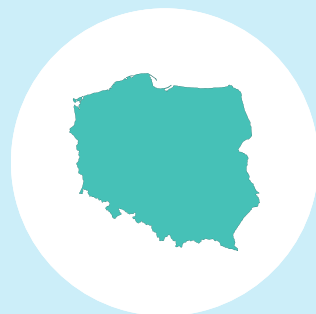

Pursue climate-neutral economy, that is based on the limited use of fossil fuels and the increase use of alternative, renewable energy sources and heat, as well as energy efficiency and circular economy – all at the level of households, enterprises and regions

For years, the National Fund for Environmental Protection and Water Management has been the leader in the process of implementing programs improving the climate and quality of life in Poland

## Polish White Certificate Scheme

Promote energy efficiency action through a white certificate scheme

In order to obtain certificates for sale, it is necessary to conduct an energy audit of the company
