Today’s agenda:

• Interactions between EPBD and the EED energy savings obligation | Samuel Thomas, RAP

• The Dutch experience with the minimum energy performance standard for offices | Dr. Joost Hartlief, Senior advisor at the Netherlands Enterprise Agency (RVO)

• Renovating buildings: the Czech experience with the Green Savings Programme | Nathalie Marková, Head of the Energy Efficiency Unit at the Czech Ministry of industry and Trade

• Panel discussion with Edyta Nowak, Policy Officer at the European Commission (DG ENER)
Introducing ENSMOV Plus

Jean-Sébastien Broc, IEECP

Thursday 30 May 2024
ENSMOV Plus in a nutshell

➢ Support for the implementation of Article 7 > 8 EED

➢ Target groups: public authorities & agencies, and stakeholders (energy companies, ESCos, …)

➢ Scope: whole policy cycle

14 partners from 12 countries

8 public authorities, agencies or institutes

2 national associations of stakeholders

4 research labs or think tanks

Coordination
Why is experience sharing essential?

Under- / Over- achievements of required amount of cumulative energy savings for 2014-2020

EU24*: data were included for 24 Member States (data missing for HR, HU and RO)

Source: Own figure from data of Table 5 in Commission’s report on the achievement of the 2020 energy efficiency targets

Meet us at...

10-14 June – ECEE Summer Study

ENSMOV Plus’ presentation on Tuesday 11 June in Panel 3
Energy savings per sector

Yesterday

- Transport 5%
- Services/industry 14%
- Private households 8%
- Cross-cutting 73%

Total cumulative energy savings for 2014-2020 (24 MS): 197.4 Mtoe

Source: Commission’s report on the achievement of the 2020 energy efficiency targets

Today

- Residential 6%
- Services/industry 13%
- Transport 10%
- Cross-cutting 71%

Sum of reported new annual energy savings in 2021 (25 MS): 10341 ktoe

Source: Commission’s report on NECPR (National Energy and Climate Progress Reports) 2023
What share for buildings in Article 8 EED?

Out of 349 measures reported in 2023 (about 2021)

- Measures NOT dealing with buildings: 34%
- Measures FOCUSED on buildings: 35%
- Measures dealing with buildings AND other end-uses: 31%

Out of 10341 ktoe/year of new annual savings in 2021

- Measures NOT dealing with buildings: 23%
- Measures dealing with buildings: 17%
- Measures dealing with buildings AND other end-uses: 60%

Focused on buildings = envelope and/or HVAC systems
About 45% of these measures have a more specific scope:

- 29 measures focused on public buildings
- 11 measures focused on multifamily buildings
- 6 measures focused on single-family houses
- 8 measures focused on new buildings (to go beyond efficiency levels of current building regulations)
Tell us what you (dis)like in ENSMOV Plus

We reach mid-term:
your feedback will help us to make the project
even more useful to you!

It should not take longer than 5 minutes:

https://ec.europa.eu/eusurvey/runner/ENSMOVPlus_Stakeholder_Feedback_Mid_Term_Survey
Thank you!

Contact: jsb @ iee cp.org

Stay tuned!
