

EEOS and alternative measures

Member States are compelled to define policy measures to meet the energy savings obligation set in article 7 of the Energy Efficiency Directive (EED)

Energy Efficiency Obligation Schemes

EEOS are schemes setting an obligation on energy companies (energy distributors or suppliers/retailers) to achieve energy savings targets

Alternative Measures

Alternative Measures are policy measures implemented by to meet the energy savings obligation set in the Article 7, as alternative or complementary measures to an EEOS

Choices of the Member States to answer EED Article 7 for the obligation period 2014-2020

- EEOS alone
- EEOS + Alternative measures
- Alternative Measures alone
