

How would you implement monitoring, reporting and verification procedures for Article 7 EED?

The ENSMOV guide can show you parameters and examples for Monitoring, Reporting and Verification of Article 7 Energy Efficiency Directive

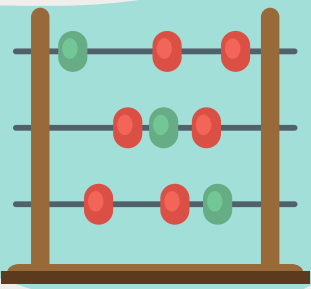

STEP 1 - Target group

Fix the target group: public bodies, companies, or individual persons, who are directly affected by the implementation of Article 7 of the EED

STEP 2 - Additionality

the topic of additionality needs to be taken into account on all levels of policy design. ENSMOV can tell you how!

STEP 3 - Materiality

Member States are required to satisfy the “materiality” criterion. See how ENSMOV can help you!

STEP 4 - Monitoring

Monitoring includes:

- Observation of the progress towards the target achievement
- Data collection and evaluation
- Determination of reporting and verification processes.

Did you know?

STEP 5 - Reporting

Different levels of reporting have to be defined. Which ones? ENSMOV knows it!
