

# Everything You Need to Know About the Green Loan

## 01. What is the Green Loan and how exactly does it work?

It is a regular loan labelled in €G, so showing it is a loan for the economy of life. In addition, the rewards received lower the interest rate.

## 02. Why take a loan in €G rather than in euros?

Because it's cheaper! Your CO<sub>2</sub> savings pay for the interest on the loan. In addition, by circulating this €G currency, you are contributing to the fight against climate change. It is a strong commitment.

## 03. Who can get a Green Loan, and what are the prerequisites?

€G loans are provided only to those projects that contribute to reducing the level of CO<sub>2</sub> emissions or kWh consumption.

## 04. For what period is a Green Loan granted, and for what reason would it be a benefit?

The repayment period for a green loan ranges from 4 to 5 years and with a lower APR. These loans signal strong commitment to sustainability, making them quite beneficial.

## 05. How to apply for a Green Loan?
